

From the DS *continued*

DISTRICT MISSIONS

We have tried several models to mobilize missions in the MidAmerica District. We do not have a mission mobilizer on staff in the MAD office, but were desirous for someone to give more attention to missions; someone who has the heart to contact individual churches and assist pastors and mission teams in enhancing their missions emphasis. My wife, Lyn, has come on as a unpaid volunteer to begin this work. Lyn will be working with Kay Schroeder and Moni Cutler (District Great Commission Women President) in forming a team to contact and assist/resource individual church mission teams and committees. Since Lyn usually travels with me, she will have an opportunity to visit with your mission folks and see how the District can help and pray for your church. I am impressed with so many of our churches' overseas partnerships. Faithful praying. Generous giving. Committed sending.

DEXCOM

The pastors/lay leaders serving on the District Executive Committee are your elected representatives who are responsible for making decisions concerning how we execute our mission; equip our workers; set vision for our district. My desire is to use these men in our district as a local church would use its Elders. Hopefully, you know at least one of these guys and would be comfortable contacting them with any issue you would like brought to the District leadership's attention.

Dan Cutler (Treasurer)	Lay Representative, Omaha	danc@ccccorp.com
